NOTE

The "Carrier Profile" includes a history of convictions, administrative penalties, inspections, and collisions provided to Alberta Transportation and Economic Corridors by law enforcement and other government agencies. Other information such as inspection facility certifications, audits, and notices documenting violations may also be included. The Carrier Profile is used to identify carriers that pose an unacceptable risk to the public. Information contained in the Carrier Profile will be considered when establishing a carriers safety fitness rating.

Carriers are encouraged to obtain and review their Carrier Profile regularly to help evaluate the effectiveness of their safety and maintenance programs, and take proactive action to rectify safety and compliance issues.

The actual description and coding of events are worded using criteria set by the Canadian Council of Motor Transport Administrators(CCMTA) and therefore may not be the same wording that appears on law enforcement documentation.

The carrier current compliance standing can be found in "Part 1 - Carrier Information". This will always reflect events that have occurred in the previous 12 months from the printed date regardless of the Profile Period Start and End Date.

All reasonable efforts have been taken to ensure the accuracy of the information in this report. If any information shown in the carrier profile is in question, the carrier should consult their records to verify any concerns. If there are data inaccuracies or inconsistencies, contact Alberta Transportation and Economic Corridors at (403) 755-6111 or by email to compliance.info@gov.ab.ca.

An Education Manual is available to assist carriers to better understand the transportation requirements to support compliance to transportation safety legislation. The Education Manual and other information regarding Alberta's National Safety Code (NSC) program can be viewed on the internet at https://www.alberta.ca/education-manual-for-commercial-carriers.aspx

NSC Number: AB243-8992
Carrier Name: Carry Freight Ltd.

Events are shown in order of 'Issuance Date', with the most recent date shown first. Points ranging from 0 - 5 are assigned to an administrative penalty, depending on the severity of the offence, 5 being the most serious offence.

As an example: Drive while impaired 5 points

Conviction points, Administrative Penalty points, CVSA Failure Rate, Collision points over a 12 month period, and the carrier's average fleet size over a 24 month period are used to establish the carrier's Risk Factor score (R-Factor). Alberta Transportation and Economic Corridors will intervene with those carriers with an unacceptable R-Factor score. Events will stay on the carrier profile report for 12 months from the issuance date, not the event date.
