CARRIER PROFILE

CARRIER INFORMATION

Mile2mile Trucking Ltd

1815 37C Ave NW
Edmonton
AB T6T 1S5
Canada

NSC Number: AB332-6832
Profile Period Start: 2024 MAR 01
End: 2026 MAR 06

NOTE

The "Carrier Profile" includes a history of convictions, administrative penalties, inspections, and collisions provided to Alberta Transportation and Economic Corridors by law enforcement and other government agencies. Other information such as inspection facility certifications, audits, and notices documenting violations may also be included. The Carrier Profile is used to identify carriers that pose an unacceptable risk to the public. Information contained in the Carrier Profile will be considered when establishing a carriers safety fitness rating.

Carriers are encouraged to obtain and review their Carrier Profile regularly to help evaluate the effectiveness of their safety and maintenance programs, and take proactive action to rectify safety and compliance issues.

The actual description and coding of events are worded using criteria set by the Canadian Council of Motor Transport Administrators(CCMTA) and therefore may not be the same wording that appears on law enforcement documentation.

The carrier current compliance standing can be found in "Part 1 - Carrier Information". This will always reflect events that have occurred in the previous 12 months from the printed date regardless of the Profile Period Start and End Date.

All reasonable efforts have been taken to ensure the accuracy of the information in this report. If any information shown in the carrier profile is in question, the carrier should consult their records to verify any concerns. If there are data inaccuracies or inconsistencies, contact Alberta Transportation and Economic Corridors at (403) 755-6111 or by email to compliance.info@gov.ab.ca.

An Education Manual is available to assist carriers to better understand the transportation requirements to support compliance to transportation safety legislation. The Education Manual and other information regarding Alberta's National Safety Code (NSC) program can be viewed on the internet at https://www.alberta.ca/education-manual-for-commercial-carriers.aspx

CARRIER PROFILE

PART 3 - ADMINISTRATIVE PENALTY INFORMATION

NSC Number: AB332-6832
Carrier Name: Mile2mile Trucking Ltd

Events are shown in order of 'Occurrence Date', with the most recent date shown first. Points ranging from 0 - 5 are assigned to an administrative penalty, depending on the severity of the offence, 5 being the most serious offence.

As an example: Drive while impaired 5 points

Conviction points, Administrative Penalty points, CVSA points per vehicle (formerly called failure rate), Collision points over a 12 month period, and the carrier's average fleet size over a 12 month period are used to establish the carrier's Risk Factor score (R-Factor). Alberta Transportation and Economic Corridors will intervene with those carriers with an unacceptable R-Factor score. Events will stay on the carrier profile report for 12 months from the issuance date, not the event date.

PART 7 - MONITORING INFORMATION

NSC Number: AB332-6832
Carrier Name: Mile2mile Trucking Ltd

- greater precision in calculations of average fleet over a 12 month period, which aligns with the 12 month period for safety event data;
- changes in fleet groupings for more equitable distribution of carriers; and
- failure rate is calculated as CVSA inspection points per vehicle based on the carrier's average fleet.

Carriers may find it valuable to review this page to establish if the contributions of the convictions, administrative penalties, CVSA inspections and collisions to the R-Factor score are rising, declining or staying the same. This type of information may assist carriers in evaluating the effectiveness of their safety and maintenance programs.

* Industry Average Information for NSC carriers is As Of 2026 JAN 31
For Fleet Range: 1.8-2.1 and for Fleet type: TRK

Note:
As of April 2024 month-end, the Failure Rate calculation is now called CVSA Points per Vehicle. It is calculated based on the carrier's average fleet and CVSA inspection results (pass, requires attention, out of service) for inspections that occurred in the last 12 months. Historic inspection data and Failure Rate data is unchanged.
