

CELL PHONE USAGE POLICY

Dear Team,

It has come to our attention that there have been instances of employees using their cell phones while driving, posing serious safety risks to themselves and others. We want to emphasize the importance of adhering to our cell phone usage policy to maintain a safe and productive environment.

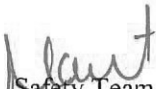

Effective immediately, any violation of the cell phone usage policy will result in a charge of \$50 per offense. Furthermore, after three repeated offenses, termination of employment will occur without notice.

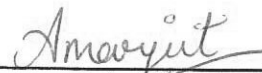

The use of cell phones while driving company vehicles is not only dangerous but also a violation of company policy. It can lead to accidents, injuries, and significant disruptions to our operations.

We understand the temptation to use cell phones for personal reasons during work hours, but the safety of our employees and the integrity of our operations must take precedence.

We urge all employees to familiarize themselves with the cell phone usage policy and to strictly adhere to its guidelines. Your cooperation is essential in maintaining a safe and productive environment.

Thank you for your attention to this matter.

Safety Team
Thank you
