

SUBMISSION OF ALL SCALE INSPECTION AND TICKETS

In our on-going commitment to maintaining a safe work environment, effective immediately, all employees are reminded of the importance of promptly submitting all-scale inspection tickets to the Safety Department.

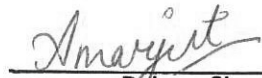

Timely submission of these tickets is crucial to ensure that our Safety Department can swiftly address any identified hazards or issues, thereby safeguarding the well-being of our workforce and the integrity of our operations. Inspection tickets should be completed accurately and comprehensively, detailing the nature of the inspection, observations made, and any corrective actions taken or recommended.

It is the responsibility of each employee involved in the inspection process to ensure prompt submission of these tickets to the Safety Department. Failure to comply with this policy may result in disciplinary action, as it undermines our collective commitment to safety.

Your cooperation in adhering to this policy is greatly appreciated and essential for maintaining a safe work environment.
